

FUN WITH FOUNDATION PAPER PIECING

17

STEP 1 - PRINT AND CUT THE TEMPLATES

Print the templates onto copy paper, or, if you want to fussy cut your fabric, you might like to use tracing paper instead. Cut templates around the solid edge.

STEP 2 - PRINT THE PIECING PATTERN

If making just one 3 inch block, print patterns on pages 4, 7, 10 & 13. Each should be printed on a single sheet of foundation piecing paper. If making more than one of each block print the patterns on pages 5, 8, 11 & 14 using as many sheets as needed to get the required number of blocks.

TIP - If you want to make a larger project, refer to the table on page two for suggested sizes and number of blocks required. Consider mixing and matching this with the other three crazy patch blocks from this collection.

STEP 3 - CUT FABRIC

Use the templates you created in step 1 to cut out your fabric. Make sure to place the template **RIGHT SIDE UP** on the **RIGHT SIDE** of your fabric. You will need a different fabric for each template in this pattern there are **10** templates. It's a great way of using up scraps!

STEP 3 - TIME TO SEW

Stitch the fabric parts to the pattern in numerical order.

STEP 4 - NO NEED TO TRIM!

Whilst not necessary, it is a good idea to check whether you need to trim as you go. Doing so will give you neat edges to place the next pieces against.

WANT TO MAKE MORE?

If you would like to make more than one block, use the table below to calculate the number of 3 inch blocks you will need to make for your project, then divide that number by 4 to understand how many of each crazy patch you will need.

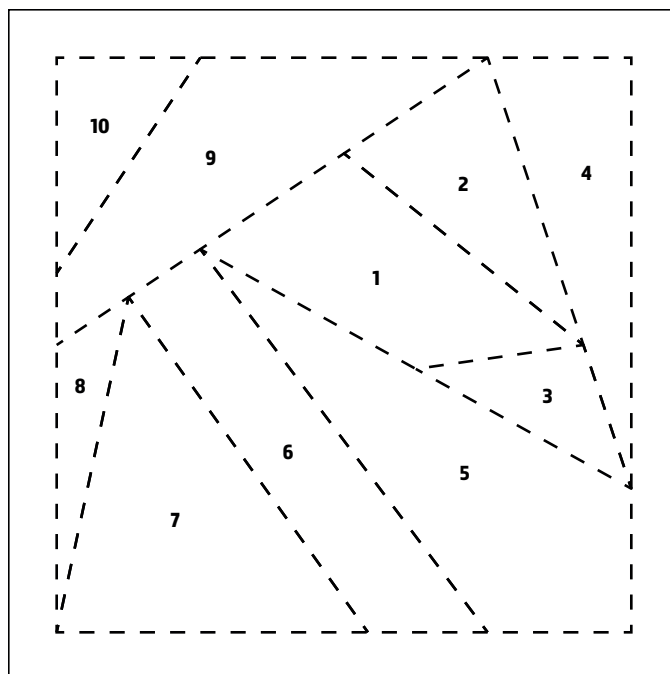

Finished Project Size (No Sash or Border)	No. of 3 Inch Blocks Required	Pattern Pages To Print
6 Inch Block	4	1
9 Inch Block	9	3
12 Inch Block	16	4
36 Inch Square Quilt	144	36
48 Inch Square Quilt	256	64
60 Inch Square Quilt	400	100
72 Inch Square Quilt	576	144
84 Inch Square Quilt	784	196
96 Inch Square Quilt	1,024	256
108 Inch Square Quilt	1,296	324
