

# FUN WITH FOUNDATION PAPER PIECING

## 30 - SWAN

### STEP 1 - PRINT AND CUT THE TEMPLATES

Print the templates on page 3 onto copy paper, or, if you want to fussy cut your fabric, you might like to use tracing paper instead. Cut templates out around the solid edge.

### STEP 2 - PRINT THE PIECING PATTERN

If making just one 3 inch block, print pattern on page 4.

If you want to make a larger project, check the chart on page 2 to see how many pattern sheets to print and how many blocks to make.

### STEP 3 - CUT FABRIC

Use the templates you created in step 1 to cut out your fabric. Make sure to place the template **RIGHT SIDE UP** on the **RIGHT SIDE** of your fabric.

You will need four colours of fabric.

Colour 1 = Cut one each of template pieces A2

Colour 2 = Cut one each of template pieces C1 and B2

Colour 3 = Cut one each of template pieces A1, A3, B1, B3, C2 and C3

Colour 4 = Cut one each of template pieces D1

### STEP 4 - TIME TO SEW

Stitch the fabric parts to the pattern in numerical order. There are four sections that make up this block. Stitch each block separately. For example, after placing A1 down, you will then stitch A2 & A3 in place until that section is complete. Repeat for B section.

Finally, stitch sections together to make completed block.

### TO TRIM OR NOT TO TRIM?

Whilst not 100% necessary, it is a good idea to check whether you need to trim as you go. Doing so will give you neat edges to place the next pieces against.

### WANT TO MAKE MORE?

If you would like to make more than one block, use the table below to calculate the number of times to print page 5 to make your project.

| Finished Project Size<br>(No Sash or Border) | No. of 3 Inch Blocks Required | Pattern Pages To Print |
|--|-------------------------------|------------------------|
| 6 Inch Block                                 | 4                             | 2                      |
| 9 Inch Block                                 | 9                             | 6                      |
| 12 Inch Block                                | 16                            | 8                      |
| 36 Inch Square Quilt                         | 144                           | 72                     |
| 48 Inch Square Quilt                         | 256                           | 128                    |
| 60 Inch Square Quilt                         | 400                           | 200                    |
| 72 Inch Square Quilt                         | 576                           | 288                    |
| 84 Inch Square Quilt                         | 784                           | 392                    |
| 96 Inch Square Quilt                         | 1,024                         | 512                    |
| 108 Inch Square Quilt                        | 1,296                         | 648                    |
